

Welcome to the voter registration training! *This is a great opportunity to let your staff know why you've decided to do this training and the agenda for the training. We've left the agenda up to you, so you can decide which parts of the presentation you'll focus on. We recommend making an agenda on a piece of butcher paper to complement the Power Point.*

Why is voter registration important?

I want to start by talking a little about the context of voting rights and vote registration in the United States and in [*your state*]. To get started, we're going to watch a short video on the history of voting rights—looking back at some of the many changes we've seen.

Play the video by clicking the screen. Once the video is finished, we recommend asking: Was there anything surprising about the video? What really stood out?

Nationwide Voter Registration Rates

Skipping forward from that historical view of voter registration, we want to look at statistics today too. Unfortunately, there is a large gap in the rates of voter registration for people making higher and lower incomes. In the USA, as of 2012, for people making \$60k or more per year, 68% were registered to vote. However, for people making \$12.5k (just under the Federal Poverty Level), the percent registered to vote was just 40%. That's an enormous difference in votes when you look at the size of the United States.

Why Offer Voter Registration?

Voter Registration Statistics

Arizona 2012	
\$20,000 or Less	\$100,000 or More
30%	56%

Here in Arizona, there is a similar gap in registration rates. *You can read out the numbers if you like—sometimes it's more engaging and helpful for people who are more auditory learners.*

Ok, so the good news is...us! We're in a great place to change these statistics and make an impact on our community's access to voter registration. 1) We work with the folks that most need help getting registered. Very few other groups are really able to access communities like ours. 2) Not only do they come through our doors, they trust us. Trust is very important to voter registration. 3) This fits into the heart of our work and mission. 4) This can make our organization stronger—the more people that vote, the stronger our voice becomes and the stronger the voice of our community. *For health-focused groups:* 5) Voter registration can also improve health outcomes! WebMD has even written about voter registration as a "Healthy Habit" because of the positive effects it can have on individual health outcomes!

Our Organization

Ok, we want to come up with a way of talking about this that is specific to our community as a team. It's important to make discussions of voter registration as personal and local as possible. So we want to think about how this makes sense for our community. 1) Let's brainstorm: what are services that are important to our clients that their voting could help keep funded? Why is voter registration important to our clients?

Ok, now that we've brainstormed, let's come up with 1-2 sentences to communicate that information to our clients. Try to use the structure: "Voter registration is important to our organization (or to our mission) because..."

One example, from North Carolina, states "Voter registration is important to my goal of fighting poverty because it is the 1st step to electing leaders who will advocate for fair and socially just policies."

Try to make sure everyone participates in the brainstorm and come up with a sentence that everyone can remember going forward.

Why is voter registration important?

Ok, next we're going to talk about something that is very important to our organization in general, but becomes even more important when it comes to voter registration. That is what it means to be non-partisan! Does anybody know? What does non-partisan mean?

NON-PARTISAN MEANS...

Not advocating, encouraging
suggesting, or implying the
preference of one political candidate
or party over another.

Ok—so the dictionary definition is...*read the definition from slide.*

NON-PARTISAN MEANS...

YOU **CANNOT** :

Advise clients about which party to join or which candidate to support

Make comments, or sounds

Dissuade clients with a different political party from your own from registering

Only ask people who seem like they are part of your party to register

Wear or display partisan clothing, buttons, or stickers

So, while being non-partisan, there are a few things we can't do. *Read the examples from the slide.*

NON-PARTISAN MEANS...

YOU CAN :

- ✓ Talk about how important **voting** is
- ✓ Highlight **important issues** in a non-partisan way

However, there are still many things we CAN do!

- 1) We can absolutely talk about how important voting is! Voting is a non-partisan issue. You can certainly stress the kind of impact that voting can have for a community and why it's important to your organization (in a non-partisan way: no parties or candidates!).
- 2) You can also highlight important issues in a non-partisan way. For example, if you know that education is important to your clients, you can talk about how voting can help them have an impact on the education of their children. However, you can't say, vote for the Democratic party! They're going to make your kids' education great! Does everyone see the difference?

Why does this matter??

Ok, so quickly: why does this matter? What's at risk if we were to be 'partisan' or to endorse a specific candidate or party with our clients?

- 1) We could lose their trust.
- 2) We could lose our 501(c)(3) tax status, and our funding, as an organization.

QUIZ!

Ok, we hope everybody feels confident about what it means to be non-partisan! We have a quick quiz to test our knowledge.

Non-Partisan Voter Registration

Activity: Non-Partisan or Not Allowed

1. A staff member is wearing a Joe Biden t-shirt in the office while performing their work duties.

2. It becomes apparent the client cares about education. The staffer explains that registering to vote can help the client contribute to this issue.

Additional considerations regarding Voter Registration

Providing false information
on a voter registration
application is **voter
registration fraud.**

Ok, we also want to talk briefly about how to avoid voter registration fraud. Providing false information on a voter registration application is voter registration fraud.

Examples of Voter Registration Fraud

1. Asking someone to fill in information that is not true and accurate OR on behalf of another person.
2. Knowingly asking a person to complete an application who is not eligible to register to vote.
3. Leading a person to believe what they are filling out is not a VR application.
4. Putting fake or made-up information on the applications.
5. Filling in *any* information on an incomplete application, including checking any unchecked boxes, without that persons consent.

That means, we need to avoid these activities. *Read the information on the slide.*

Additional considerations regarding Voter Registration

REMEMBER!!!

- Voter registration cannot affect a client's access to services
- No incentives
- Ask everybody
- U.S. Citizens
- And...you are ONLY Assisting

Read the information on the slide.

QUIZ!

Ok, just like the other quiz, we just want to do a quick review of the information we've just covered.

QUIZ!

One of the most important things you can do in helping others to register to vote is learn how to spot errors in a form while the person who's filling it out is still standing there with you. AS DISCUSSED, YOU CANNOT ALTER OR WRITE ON A FORM ONCE A PERSON HAS LEFT. YOU MUST HAND IN THAT FORM—INCOMPLETE OR NOT—TO ELECTION OFFICIALS. So, we're going to practice looking a few forms with errors. Each form is missing something important. You'll have to spot what it is.

Best Practices

Our final area that we will discuss today is best practices. How do we actually take all this information we've learned and turn it into effective conversations with our clients and community members?

First of all, we need to ask in an appropriate and effective way if the person needs to UPDATE their voter registration. Asking “Are you registered to vote” is simply too direct and not effective. It also fails to OPEN A CONVERSATION about voter registration.

"When was the last time you updated your voter registration?"

or

"Do you know if your voter registration is all up-to-date?"

Instead of asking if someone is registered, try asking instead *read the suggestions on the slide.*

It's also important to be persistent.

Can everyone please name three reasons someone might need to fill out a voter registration form again (or update):

- 1) Moved! Change of address
- 2) Change of name! Marriage/divorce are common reasons
- 3) Hasn't voted in a while. This last one is just to be safe that nothing has changed for your client that would trigger an update or that nothing has changed on the voter rolls. It's also an easy and non-aggressive way for someone to admit they might need to re-fill out the form.

ROLE PLAYS

Great! For our final activity, we're going to do some role plays.

ROLE PLAYS: INSTRUCTIONS

1. Partner with one other person.
2. Chose one person to be the client and one person to be the assistor
3. The assistor helps the client register to vote
4. Swap

Everybody grab a partner and make sure you have your Manuals open to your scripts (pages 18 and 19). *There is a script in Spanish, as well. If possible, group Spanish speakers together so they can practice in both languages.* Have each person go through the script—make it easy! Then swap. Once both pairs are done, we'll practice a more challenging scenario.

Tricky scenario!

- #1: The client is really excited about voting but isn't a citizen. However, the client does have two twins at home who are citizens.
- #2: The client thinks all politicians are crooks and doesn't give a hoot about voting.

Ok, this is information that should inform your next role play. Pick one person to be the client. The person will act out the role play with this information. Try to brainstorm ways of handling this situation in real life!

Add up Scenario 2 (Click again):

Ok, now you should swap and whoever was the nonprofit staff person before will now be the client. They should use the information in Scenario 2.

Tips to give your folks:

- Remember to NOT debate politics
- Share why voter registration is important to the organization and to them, personally
- Remember to validate difficult feelings or experiences

Congratulations!

Wrap up however seems fitting for your group! Generally, this is when we recommend letting your staff know if you will be collecting forms or not!
